

Grundfos Pumps

Stainless steel vertical multi-stage, E Pump variable speed booster systems, sewage, environmental, groundwater, well, sump, effluent, chemical feed/digital dosing metering pumps & cast iron centrifugal

American Stainless Pumps

Stainless steel, end-suction centrifugal & close-coupled

Paco Pumps

End-suction centrifugals, vertical inline, split case, dry pit, submersible & vertical sump

Barnes Pumps

Sewage, sump, grinder & engine-driven

Jacuzzi Pumps

Groundwater, well, sump & sewage

Armstrong Pumps

Small and medium size close-coupled & frame-mounted centrifugal (cast iron and bronze construction)

Pulsafeeder Pumps

Affordable electronic diaphragm & chemical feed (available in a variety of plastics and 316 stainless steel)

Stenner Pumps

Peristaltic chemical feed & water conditioning control

Sta-Rite Pumps

Submersible sump, sewage, effluent, grinders & self-priming centrifugals

Bell & Gossett Pumps

In-line mounted & close coupled centrifugals

DWC Water Treatment Equipment

Water softeners and filters for pre- and post-treatment, reverse osmosis & ultraviolet equipment

Pressure Vessels

ASME-coded and non-coded pressure vessels in composite materials (Structural Fiber) and steel (Quick Tanks, John Wood)

PLUS, *We service what we sell and we repair and carry repair parts!*
