FIVE STAGE REVERSE OSMOSIS SYSTEM FRESHPOINT 161112

Freshpoint GRO-575B (DPN 161112) Five Stage Reverse Osmosis System

**Now certified
by IAPMO R&T to
reduce up to 98% of
PFOA/PFOS!**

Applications
• Drinking Water

- Features and Benefits
- Reduces more than 90% of contaminants found in water
 - Effortless click-in cartridge change-outs
 - Color-coded cartridges help maintain proper filter sequence
 - 3/8" push fittings for easy installation
 - High efficiency membrane technology delivers up to 75 gallons per day.

Includes

- Air gap side faucet
- Installation kit
- Installation and operation manuals
- 4.4 gallon storage tank

Replacement Filters

655123	655126	655122	655117
Quantity: 1	Quantity: 2-pack	Quantity: 1	Quantity: 1
For Chlorine Taste & Odor	For Lead / Cyst / VOC	75 gpd Membrane	Post Filter

Installation Tips

- Choose a mounting location suitable to support the full weight of the system when operating.
- Install vertically with the cartridges hanging down.
- System may be installed with cartridge flush to the baseboard if desired, as the mechanical assist lever pushes the cartridges straight out.

Operation Tips

- Replace pre/post filters every year and RO membranes every 18 months.
- Place replacement cartridges in proper sequence using color-coded shapes.
- System designed with integrated check valves so cold water line does not need to be shut off to perform cartridge change-outs.
