

Moen commercial products incorporate smart design and advanced technology, ideal for any commercial application—from state-of-the-art office buildings to high-traffic school facilities. Moen's commercial innovations provide superior products that exceed needs and deliver lower lifetime costs.

M-Power Sensor Products

M-Power sensor faucets, soap dispensers and flush valves are efficient and hygienic, with all metal construction, on-trend styling, and vandal-resistant features. Easy to install, they are available battery or hard-wired, and they feature sleek designs with longer life. Below-deck sensor faucets offer tool-free programming!

M-Dura Heavy-Duty Faucets

Ideal for high-traffic environments, the M-Dura line is vandal resistant with modern styling. The solid cast-brass body and wear-resistant chrome finish are long-lasting. Features include ceramic-disc cartridge, tamper-proof screws, recessed aerator options, and lack of recesses to resist dirt buildup.

M-Press Metering Faucets

The M-Press line provides consistent timing and reliable performance to meet the highest expectations with updated style, cast-brass construction and vandal-resistant features. Features a sealed silicone timing mechanism, pressure-independent design to ensure consistent water pressure, and optional anti-rotation deck plates.

M-Bition Medium-Duty Faucets

A balance of superior durability and design, M-Bition is ideal for residential style applications, such as health-care. Features temperature control, ADA compliant lever handles, Duralast® ceramic-disc, and vandal-resistant design. Easy to install! Choose from standard copper or flexible supply lines.
