**PROPRODUCTS POLY GUARD®**

## SCALE & RUST PREVENTER

### PREVENT HARD WATER & SCALE

Poly Guard Crystals prevent hard water scale and iron build-up in water systems, equipment and appliances by forming a protective coating on the surface areas with continual exposure to water. Poly Guard is administered through patented refillable cartridges, which provide accurate dosage and simple replacement. They are compatible with most domestic filter housings, and will treat up to 30,000 gallons of water and last up to six months.

Poly Guard Crystals sequesters up to 12 GPG (200) PPM Hardness and 1 GPG (17 PPM) Iron. One pound of crystals treats 20,000 gallons of water. Pro Poly Guard is NSF Certified to meet NSF/ANSI Standard 60 for drinking water additives.

#### Part Numbers

3 lbs: DPN 81777

5 gallons: DPN 167002
