INFO@DUFFCO.COM

Part Number: W948700

Features:

- Stainless steel body covers flanges up to 2.875" in diameter.
- PUSH PULL® stopper has excellent clearance for high-flow drainage and does not require crossbars in old strainer body.
- Easily and quickly installs over previous strainer bodies, requiring only the provided silicone adhesive. Wait minimum of three hours before running water on installed item.
- No extension into the drain so it is not limited by inside diameter or depth of strainer body.

Parts:

- 1. Innovator® Overflow Plate
- 2. Adapter Bar
- 3. Retainer Star Nut
